EXPERIENCE

Founding Member| 2023–Present
Snapper

Here, I tackle the challenges of a startup every day. I am responsible for the mobile app:
- Developing in Swift & SwiftUi
- Full ownership of design decisions and code.

BSc. Applied Computer Science | 2022-Present
Hochschule Fulda & tegut... gute Lebensmittel

During my dual studies in Applied Computer Science, I deepened my understanding of software, hardware, and networking as a key complement to development.
Key learnings:
- IT security
- Cloud services (scaling decisions, Docker, Kubernetes, etc.)
- Developing & Maintaining Backends(.net 3.5, .net 4.8, .net 8, .net 9)
- Developing Frontends (React)
- Deploying Applications via IIS & Docker

Trainee (IT Clerk) | 2019-2022 tegut... gute Lebensmittel

During my training, I rotated through all departments of IT, gaining a comprehensive overview of the field.
Key takeaways included:
- Specializing in software development.
- Insights into SAP BW, IDM, Customer Service, POS Hardware
- Spending one month in a branch office "on the front lines" to better understand customer needs.
